Professional Summary

Backend-focused MERN Stack Developer with 2+ years of experience building scalable applications using Node.js, Express.js, and MongoDB. Skilled in designing REST APIs, optimizing performance, and deploying containerized applications using Docker. Familiar with AWS and CI/CD pipelines, with a strong focus on performance, security, and scalability.

Technical Skills

Languages: JavaScript, Python, Java

Backend: Node.js, Express.js, REST APIs, Microservices, GraphQL (basic)

Frontend: React.js, HTML, CSS, Bootstrap

Database: MongoDB, MySQL, Redis (basic), Query Optimization

DevOps & Tools: Docker, GitHub Actions (CI/CD), Git, Postman, Jira

Cloud: AWS (EC2, EKS – basic), Microsoft Azure

Concepts: JWT Authentication, API Security, WebSockets (basic), System Design fundamentals, Scalability, Error Handling

Professional Experience

Software Developer — Cirruslabs

2022 – Present

- Developed and deployed 10+ RESTful APIs using Node.js and Express.js
- Implemented JWT-based authentication for secure API access
- Optimized MongoDB queries, improving response time by 15–25%
- Containerized backend applications using Docker
- Set up CI/CD pipelines using GitHub Actions
- Worked with AWS services (EC2, EKS – basic exposure)
- Processed large-scale datasets with optimized backend logic
- Implemented error handling and logging in production systems
- Resolved 25+ production issues, improving system stability

Projects

LockThreat – Cybersecurity Platform

- Built scalable backend services using Node.js and MongoDB
- Designed REST APIs for high-volume data processing
- Improved performance through query optimization

Ezppay – Payment Platform

- Developed secure payment APIs with third-party integrations
- Implemented authentication, validation, and transaction security

SUITS – Healthcare System

- Developed backend modules for entity and facility management
- Improved system efficiency through optimized backend logic

Education

MCA — APJ Abdul Kalam Technological University

2020 – 2022

B.Sc Computer Science — University of Calicut

2017 – 2020

Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Scrum Developer Certified (SDC)
- Full Stack Developer – Internshala
- Full Stack Developer – Coursera
